“GRAND TOUR OF THE BRITISH MUSEUM”

Date: .....

Going from our congregation area; an inspirational, educational and enjoyable day in London, including the brilliant ‘Grand Tour’ presented by highly experienced London pioneers.

COMPREHENSIVE BIBLE-BASED GUIDED TOUR

This Bible tour includes most of the notable and useful artefacts in the British Museum that will assist with your personal study, faith and ministry.

It explores the links between the pagan practices of the Egyptians and the religious rites of Christendom today!

Your group will also explore the origins of language and writing, before seeing some specific and truly amazing examples in the form of tablets and carvings that will strengthen your faith in the Bible's historical and prophetic records.

This tour lasts about 2 hours, with a short comfort break halfway, and is conducted by one of our Bible Tours theocratic guides, almost all pioneers or Bethelites who we are supporting in this.

You are welcome to take notes and bring a Bible. Come as smart as you can, but we know you may well have travelled a good distance to get to the British Museum in London.

Just put your name in a space below, and I will collect the payment soon.
